Table of Contents

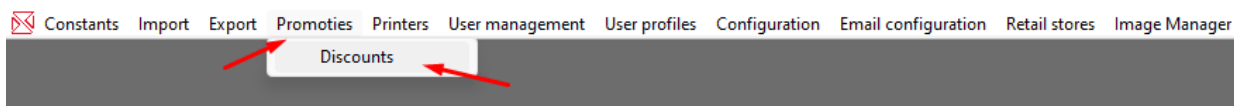

1. Opening the promotion window	2
2. Selecting products for promotion	3
3. Configuring promotion(s).....	5
4. Applying and checking discount.....	6
5. Cancelling a promotion.....	7

1. Opening the promotion window

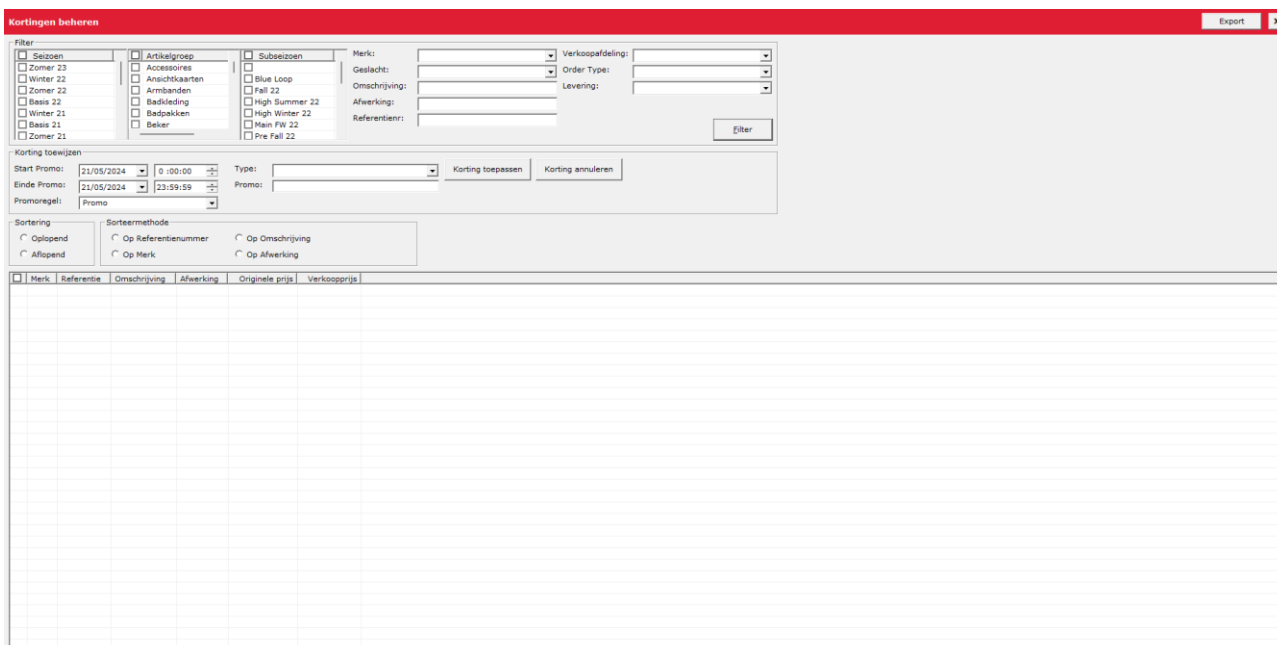

Open Fashion Pro and press "Settings"

Next, press Promoties > Discounts

You will now see the following window:

A screenshot of the 'Kortingen beheren' (Manage Discounts) window. The window has a red title bar with the text 'Kortingen beheren' and an 'Export' button. The main area is divided into several sections: 1. Filter section: Contains three columns of checkboxes for 'Seizoen' (Zomer 23, Winter 22, Zomer 22, Basis 22, Winter 21, Basis 21, Zomer 21), 'Artikelgroep' (Accessoires, Ansichtkaarten, Armbanden, Badlieding, Badpakken, Beker), and 'Subseizoen' (Blue Loop, Fall 22, High Summer 22, High Winter 22, Main FW 22, Pre Fall 22). There are also fields for 'Merk', 'Geslacht', 'Omschrijving', 'Afwering', and 'Referentiernr'. 2. 'Korting toewijzen' section: Contains 'Start Promo' (21/05/2024), 'Einde Promo' (21/05/2024), 'Promoregeli' (Promo), 'Type', 'Korting toepassen', and 'Korting annuleren' buttons. 3. 'Sortering' section: Contains radio buttons for 'Oplopend', 'Aflopend', 'Op Referentiernummer', 'Op Merk', 'Op Omschrijving', and 'Op Afwerking'. 4. Table: A table with columns: Merk, Referentie, Omschrijving, Afwerking, Originale prijs, and Verkoopprijs. The table is currently empty.

2. Selecting products for promotions

Before we can start setting promotions, we need to select the correct products. For this, we use the filter at the top. Usually, filtering is done by season, but you can also search more specifically by reference number, for example. In this example, we filter by season and click the "Only in stock" button:

Kortingen beheren

Filter

<input type="checkbox"/> Seizoen <input checked="" type="checkbox"/> Zomer 23 <input type="checkbox"/> Winter 22 <input type="checkbox"/> Zomer 22 <input type="checkbox"/> Basis 22 <input type="checkbox"/> Winter 21 <input type="checkbox"/> Basis 21 <input type="checkbox"/> Zomer 21	<input type="checkbox"/> Artikelgroep <input type="checkbox"/> Accessoires <input type="checkbox"/> Ansichtkaarten <input type="checkbox"/> Armbanden <input type="checkbox"/> Badkleding <input type="checkbox"/> Badpakken <input type="checkbox"/> Beker	<input type="checkbox"/> Subseizoen <input type="checkbox"/> Blue Loop <input type="checkbox"/> Fall 22 <input type="checkbox"/> High Summer 22 <input type="checkbox"/> High Winter 22 <input type="checkbox"/> Main FW 22 <input type="checkbox"/> Pre Fall 22	Merk: <input type="text"/> Geslacht: <input type="text"/> Omschrijving: <input type="text"/> Afwerking: <input type="text"/> Referentienr: <input type="text"/>	Verkoopafdeling: <input type="text"/> Order Type: <input type="text"/> Levering: <input type="text"/>

3. Configuring promotions

Next, we assign a date range to the promotional items. Here you can select a start and end date. You can also set a time when the promotion ends. This can be useful, for example, during night openings. For this example, we set 10/05/2024 as the start date and 24/05/2024 as the end date. This would mean that the customer gets a discount starting from store opening on 10/05/2024 until store closing of 24/05/2024:

The screenshot shows the 'Korting toewijzen' form. The 'Start Promo' field is set to 10/05/2024 and the time is 0:00:00. The 'Einde Promo' field is set to 24/05/2024 and the time is 23:59:59. The 'Promoregel' dropdown is set to 'Promo'. A red box highlights the date and time fields, and a red arrow points to the 'Promo' dropdown.

Use the "promoregel" (Promo line) function only if you want to set multiple overlapping promotions for one product. If this is not the case, you can leave it set to "promo" by default:

The screenshot shows the 'Korting toewijzen' form with the same date and time settings as the previous one. The 'Promoregel' dropdown is highlighted with a red box, and a red arrow points to it.

In the "Type" section, we distinguish between different options:

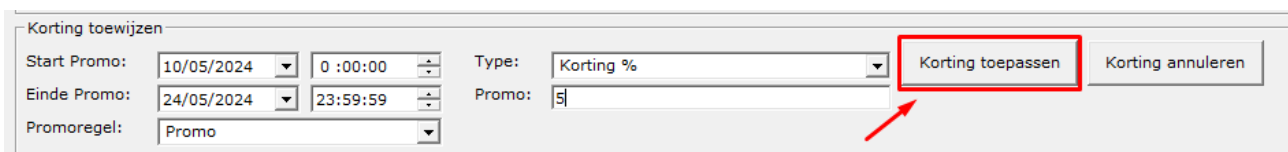

- Korting % (Discount %):** You apply a fixed percentage of discount to the article.
Example: You apply a 10% discount to an item costing 10 EUR. The item now costs 9 EUR.
- Korting € (Discount €):** You subtract a fixed amount from the price of the article.
Example: You apply a 1 EUR discount to an item costing 10 EUR. The item now costs 9 EUR.
- Vaste prijs (Fixed price):** You replace the sale price of an item with a new amount during the specified promotion period.
Example: You have an item that costs 19,99 EUR. You set the promotion so that the item now only costs 9,99 EUR. After the promotion, the price resets to its original amount.
- Korting % afronding euro (Discount % rounded €):** You apply a fixed percentage discount to the item as in option 1. If the promotional price doesn't end up being a round number, the software will round it to the nearest Euro.
Example: You apply a 10% discount to an item costing 19,99 EUR. The item now costs 17,99. Since this is not a round number, the software rounds it to 18,00 EUR.

- **Korting % afronding 0.1(% discount 0,1 roundings):** You apply a fixed percentage discount to the item as in option 1. If the amount doesn't end up being a round number, the software will round it to the nearest 0,1 Euro.

Example: You apply a 10% discount to an item costing 24,8 EUR. The item now costs 22,32 EUR. Since this is not a round number, the software rounds it to 22,3 EUR.

4. Applying and checking discount

After completing all the previous steps, we can now apply the discount with button "Korting toepassen" ("Apply discount"). Make sure the correct items are selected before doing this.

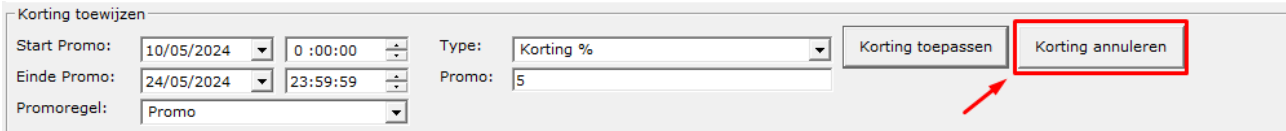

When the discount is applied, you will now see the start and end date - and time of the promo, as well as the type of discount you used, in the selection list:

<input type="checkbox"/>	Merk	Referentie	Omschrijving	Afwerking	Originele prijs	Verkoopprijs	Start PROMO	Einde PROMO	PROMO
